

AGTTGP-NA BEYOND SCHOLARSHIP PROGRAM

**MAKING STRIDES TOWARDS
OUR MISSION**

May 2015

OUR MISSION

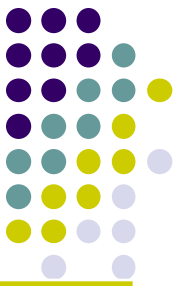

- To support and conduct charitable health and educational activities in underdeveloped communities in Ghana.
- To develop a sustainable fund that would be used to primarily support intended educational and health programs in underdeveloped communities in Ghana.
- To serve as a conduit and logistical support to other organizations, foundations and other interested parties aiming at providing support for underdeveloped communities in Ghana.

OUR VISION

- To be the leader in providing financial support to qualifying individuals in underdeveloped communities to gain access to higher education.
- To be the leader in community health education and promotion.

STRIDES IN EDUCATION - How We Got To The Present

- Donated over \$210,000 to the IDB Education Trust Ghana since 2006

STRIDES IN EDUCATION - Going Forward

- Continue to raise funds to support this mission

STRIDES IN HEALTH - 2007

- In collaboration with IDBGA-GH
- Sponsored medical outreach/relief program in Daboya, N/R, following the August 2007 devastating flooding that affected the three northern regions (UER, UWR, and NR).
- Donated food items, mosquito nets, medical care and medicines
- AGTTGP donated \$3,400

STRIDES IN HEALTH - 2013

- In collaboration with IDBGA-GH - 12 member team
- Sponsored medical outreach program in Kubori, N/R, as part of our mission
- Provided medical screening, consultation, treatments, surgical intervention, and referrals
- Attended to 400 patients
- AGTTGP donated \$2,000

STRIDES IN HEALTH - 2014

- In collaboration with IDBGA-GH - 3 member team
- Health Insurance for people at Nkramom and surrounding communities, B/A, as part of our mission
- Beneficiaries can receive medical attention at all public and some private health facilities
- Benefited 494 people
- Plan - Pay the premium for beneficiaries for the next 4 years
- AGTTGP donated \$2,000

STRIDES IN HEALTH – How We Got to the Present

- Donated over \$7,000 to IDBGA-GH since 2007 in support of our mission with regard to health.

STRIDES IN HEALTH – Going Forward

- Establish a teaching hospital centrally located in the country to make it accessible to patients from all corners of the country;
- Establish community health clinics and/or testing centers for diabetes, hypertension and overweight control and prevention at many communities across the country as possible.

SYSTEMATIC APPROCH

- Phase 1 - Establish a health clinic in a needy community in Accra
- Phase 2 - Establish additional clinics/centers at other locations

QUESTIONS/SUGGESTIONS
